

STRONG COMMUNITIES - STRONG FAMILIES - STRONG CHILDREN and YOUNG PEOPLE

A.O. „Concordia. Social Projects Moldova”

Motto

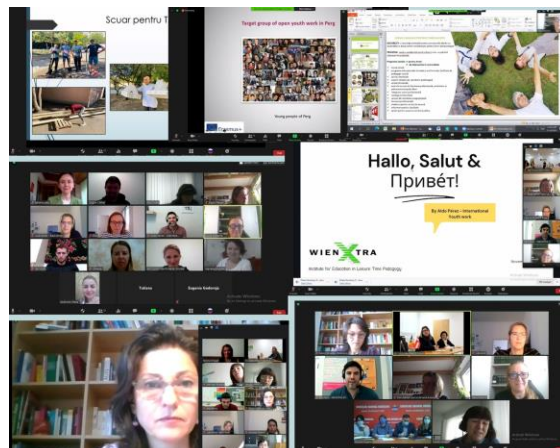

„CONCORDIA Moldova tries to get there, where the need is greater.”

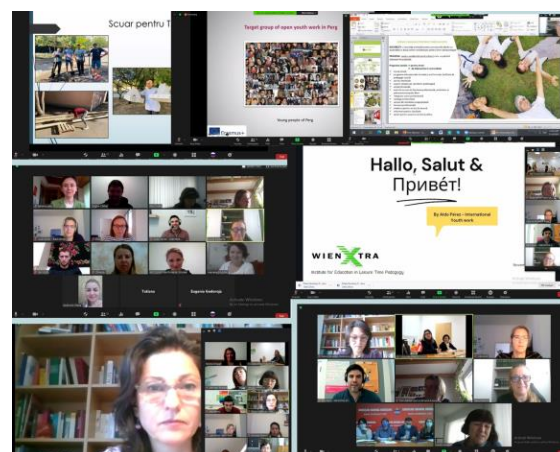

About the project

- transfer of promising practices in working with families and young people
- at risk to **strengthen the capacity of local authorities** in three localities in the Republic of Moldova

About the project

- **strengthening the cooperation** of the local authorities with local NGOs in
- providing day care services and mobile interdisciplinary intervention
- to families and young people at risk

Target group

- Families and children at risk/young people and their communities
- Professionals working in family strengthening services – both day care services and interdisciplinary mobile teams - (social workers, psychologists, parental assistants, educators, social assistants, police)
- Representatives of local authorities and state duty bearers (mayoralities, districts and ministries)
- Civil servants working on parenting support on local, regional and national levels
- Directors of the Social Assistance and Family Protection Departments
- Civil society organisations

Vulnerable groups within the project

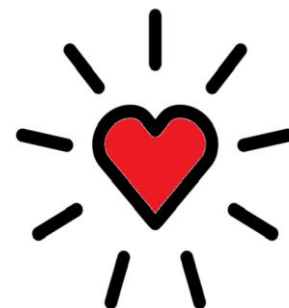

- families at risk of separation
- children and young people at risk of institutionalisation
- victims of neglect and abuse
- children left behind by migrant parents
- young care leavers left without support to continue their education, to find a job and secure adequate housing conditions

Vulnerable groups within the project

- Dubăsari and Căușeni include regions affected by extreme poverty and a high migration rate.
- Situated at the border to Transnistria, the region of Dubăsari is considered increasingly vulnerable to political conflicts; in this region the project will directly involve civil servants and NGO staff of the day care services and the mobile team who work with children of vulnerable families from Transnistria who often cross the river Dniester to Moldova to secure access to education and support for their children.

Results
